Your Itinerary Will Include:
This wine tour will be conducted in Ontario, Canada, traveling the lower escarpment located on the Niagara Peninsula. Bordering this lush agricultural area is Lake Ontario to the north, the Niagara River to the east, and Lake Erie to the south. The Niagara Wine Trail begins at Niagara-on-the-Lake and extends westward beyond St. Catharines; more than 20 miles of lush vineyards, orchards, and various agricultural crops are grown here. Your eight hour wine tour will include 5 different wineries, one of which will include a wine making tour. Enroute, we will visit Niagara-on-the-Lake, this village is listed as the most picturesque village in Canada. We will also view Fort George, Fort Niagara, and the northern terminus of the lower Niagara River as it empties into Lake Ontario.

Niagara Wine Trail – USA

Your Itinerary Will Include:
Your wine tour will travel through the lush agricultural region of Northern Niagara County; bounded by the southern shore of Lake Ontario. This region is called the lower escarpment and was created by the giant glaciers. When our planet warmed and the ice turned to water, it created a giant lake, which was named Lake Iroquois. Over thousands of years the lake receded to what is now Lake Ontario. As it receded, it left behind very rich soil, making it ideal for vineyards, orchards, and general agricultural farming. We will visit the wineries which have taken advantage of the rich soil and moderating breezes coming off Lake Ontario. Your six hour wine tour will visit 5 to 7 wineries.
